West Valley Demonstration Project Public

The Department of Energy, West Valley Demonstration Project will be of the site and facilities located at 10282 Rock Springs Road, West Valley period March 13, 2006 through March 31, 2006. If you are interested in please contact **Cathy Bohan at (716) 942- 4159** to reserve your preferred only). Each tour will be limited to 8-10 persons on a first come first serve date to request tours is March 27, 2006 before 5:00 p.m. EST. No tours after this date and time, to allow sufficient time to prepare the dosimeter given on March 31, 2006. All tour participants must pre-register providing of identity. Tours are expected to last approximately 5 hours each, with stair climbing. Participants are requested to dress appropriately for the clothing and footwear.

The tours will be scripted tours, in that the guide will provide general prepared script. Due to the varying level of knowledge of our volunteers will not be entertained during the tour. The scripted information is designed provide a working knowledge of the physical site and the responsibilities the West Valley Demonstration Project Act.

DOE plans to issue a solicitation for Interim End State Activities in the plans to schedule separate site tours as part of the solicitation process.

If you have any questions, please contact Cathy Bohan at the above number.

All individuals requesting a tour must be U. S. Citizens.
