

To: West Valley Citizen Task Force
From: Melinda Holland, Task Force Facilitator
Subject: Summary of the June 13, 2006 Agenda Work Group Conference Call
Date: June 16, 2006

If you have questions or comments regarding this summary, please contact Melinda Holland at (828) 894-5963, or Tom Attridge at (716) 942-9960 ext. 2453.

Conference Call Attendees

Attending were: Bryan Bower, Lee Lambert, Paul Piciulo, Ray Vaughan, Dave Wilcox, Pete Scherer, Darwin John, Sonja Allen, and Tom Attridge.

Education Work Group Conference Call Highlights

The conference call participants suggested the following topics for the **June 28th meeting**:

- For the 6:00 p.m. Orientation Session - Lee Lambert agreed to review CTF Accomplishments, and Tom Attridge agreed to prepare a time-line list of accomplishments and presentation slides;
- National Environmental Policy Act (NEPA) "101";
- Environmental Assessment process;
- The Technical Work Group will report on NRC's Draft Standard Review Plan and make recommendations on whether the CTF should consider submitting comments to NRC on this document by July 31st;
- NYSERDA update on legislation, pending litigation, and further discussion from the last meeting on the Partial Release from the NRC License as begun at the May 24th meeting; and
- Develop, put on CTF web site, and hand out list of technical terminology and acronyms.

The conference call participants suggested the following topics for the **July 26th meeting**:

- 6:00 p.m. Orientation Session - "Radiation 101"
- Review site history (John Chamberlain and Dave Wilcox to present this session);
- Review cleanup progress, site characteristics [waste management areas, etc.], site decision documents;
- Waste Classification "101" Presentation;

The conference call participants suggested the following topics for the **August 23rd meeting**:

- 6:00 p.m. Orientation Session - Regulatory "101" by Colleen Gerwitz using the flow chart she presented to the CTF previously;
- Waste Classification "102" to follow up on the July 26th presentation;
- High-level overview of Waste Incidental to Reprocessing;

At a future meeting present Regulatory "102" with NRC, EPA, NYSDEC as co-presenters [may need to be more than one session]

There was discussion on the fact that an Environmental Assessment (EA) on the cumulative effects associated with facility removal at the WVDP will be coming out for public comment in

the near future. The exact date is unsure at this time, but there will be a 15 day public comment period after issuance of this EA and a public meeting before the end of the comment period. The call participants agreed that it may be necessary to set aside time at a future CTF meeting to discuss development of Task Force comments on this document. Given the short public comment period, the CTF may need to meet via conference call to develop such comments.

Action Items

Action	Assigned To	Due Date
Prepare a list of accomplishments and presentation slides	T. Attridge	6/16/06
