Administrative Announcements and Updates

Tom Attridge opened the meeting by reviewing the agenda and the describing the materials that were disseminated at the meeting. A revised fact sheet on the radionuclide inventory of the HLW Tank Farm was distributed to the CTF. The revision was previously requested by a CTF member regarding the specific definition of the term "alpha-transuranics."

Tom Attridge reminded the CTF that NRC Commissioner Dicus is planning to visit the site on June 19, 2001. He added that, like the recent visit by Chairman Meserve, the NRC is making time available for interested CTF members to meet with the Commissioner during the afternoon, starting at 3:30 p.m. Those interested in meeting with the Commissioner should let Sonja Allen know (942-2152) to make the necessary arrangements.

Tom Attridge asked the CTF members if they would be interested in having their signatures saved electronically for future ease in signing CTF letters. A short discussion followed on the pros and cons of this idea and, in the end, the CTF decided against this idea.

Revised CTF Mission and Ground Rules

The CTF members worked together to edit the latest revision to the CTF Mission and Ground Rules. A new draft of the document was completed at the meeting. The members present collectively decided that, before adopting the document, the CTF members not present should have one more opportunity to review this new draft. Tom Attridge said that he would send the new draft to each CTF member within the next few days.

CTF Facilitation

The CTF collectively agreed that, due to the tenuous relationship between NYSERDA and DOE at this point in time, Melinda Holland should be invited back to assume facilitation of future CTF meetings. Tom Attridge said he would contact Melinda to make sure that she would be available to facilitate the next scheduled meeting (June 19, 2001).

Preparation of CTF letter on Budget Cut

The CTF members worked together to draft, edit, and finalize a letter to Congressional Representatives regarding the CTF's concern about the proposed ten million dollar budget cut to DOE-West Valley for FY 2001-2001. [The CTF letter was sent to the Congressional Representatives on June 7, 2001, and is attached to this meeting summary.]

Affiliations of CTF Members

Due to a shortage of time at the meeting, the scheduled discussion about the CTF member affiliations was tabled until the next scheduled meeting (June 19, 2001).

Next Steps

The CTF agreed to meet on Tuesday, June 19, 2001, to discuss and adopt the revised Mission and Ground Rules, as well as discuss member affiliations. Several members noted that the next meeting date was also the same date Commissioner Dicus would be visiting the site. It was suggested that the Commissioner be invited to attend the CTF meeting and the site agency representatives agreed to do this.
