

PHASE 1 STUDIES UPDATE CITIZENS TASK FORCE OCTOBER 26, 2011

October 26, 2011

CONTRACT AWARD

- DOE and NYSEERDA have jointly awarded a contract to Enviro Compliance Solutions (ECS), Inc. to identify and implement the Phase 1 Studies
- ECS will provide subject-matter experts, the Independent Scientific Panel, and professional facilitation services to conduct the Phase 1 Studies as outlined in the Guidance Document

ENVIRO COMPLIANCE SOLUTIONS (ECS)

- ECS: Prime Contractor: 8(a) Small Business with proven management capabilities
- A multidisciplinary environmental engineering company
- Subject-matter experts in environmental compliance, engineering, geology, hydrogeology, watershed studies, environmental modeling, etc.

INNOVATIVE TECHNICAL SOLUTIONS (ITSI)

- ITSI: supporting team subcontractor, Large Business Enterprise
- Brings additional environmental and radiological support services and subject-matter experts

ARMSTRONG AND ASSOCIATES

- Professional facilitation services
- Specializes in strategic planning, crisis resolution and meeting facilitation
- More than 40 years of experience in negotiating and facilitating resolution of various community, government and environmental problems

ECS/ITSI/ARMSTRONG AND ASSOCIATES

- Representatives from each of the three firms will be in attendance at the November 16 Quarterly Public Meeting
- The teams will introduce themselves, and discuss past experience and expertise
- The teams will discuss ongoing and upcoming Phase 1 Studies work

CURRENT WORK

- Kickoff conference calls with ECS/ITSI/Armstrong and Associates:
 - Background info on Phase 1 Studies
 - Expectations
 - Guiding principles
- Background document review
- November 16 Quarterly Public Meeting

UPCOMING WORK

- Develop Phase 1 Studies website
- Convene a Climate Change Workshop with subject-matter experts that is open to the public
- Secure services of erosion experts and begin SME work on the Erosion 'Potential Area of Study'
- Secure services of Independent Scientific Panel, to potentially be convened at the 1Q12 Quarterly Public Meeting
