RESOLUTION; TO SUPPORT IN ITS ENTIRETY THE WEST VALLEY CITIZEN TASK FORCE RESOLUTION I-2004

WHEREAS, The Friendship Central School Board of Education, Friendship, New York has been in support and appreciative of the long and exhausting hours spent by the members of the West Valley Demonstration Project Citizen Task Force. The goal to protect health, safety, and economics is not only for our town residents but for the future of all in Western New York. AND;
WHEREAS, The Citizens Task Force Resolution is copied as follows:

WHEREAS, The West Valley Citizen Task Force was charged to develop recommendations to New York State Energy, Research and Development Authority and United States Department of Energy regarding the 1996 West Valley Demonstration Project Draft Environmental Impact Statement and;

WHEREAS, The West Valley Citizen Task Force has held over 100 meetings since January 1997 to develop these recommendations and;

WHEREAS, The West Valley Citizen Task Force issued its report the following year, stating it finds the site unsuitable for permanent disposal of radioactive waste,

Now Therefore Be It Resolved; That the West Valley Citizen Task Force's end state vision for the West Valley Demonstration Project is one of unrestricted release, and;

Be it Further Resolved; That the West Valley Citizen Task Force prefers that all waste be safely stored above ground until such time as it can be permanently disposed, and;

Be it Further Resolved; That the West Valley Citizen Task Force request all local, state, federal, and Seneca Nation governing bodies support this resolution in its entirety.

Adopted April 21, 2004

NOW THEREFORE, The Friendship Central School Board of Education, Friendship, New York on July 7, 2004 at a regular meeting by unanimous vote does hereby support the above action of the West Valley Demonstration Project Citizen Task Force and further resolves to support West Valley Citizen Task Force Resolution I-2004 in its entirety.

Dear Mr. Pfeffer:

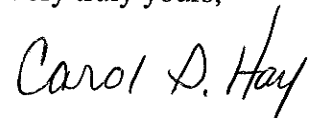

On behalf of the Panama Central School Board of Education, I would like to commend you for the position you have taken regarding the management of the facilities at the West Valley Demonstration Project. As a Board of Education, our knowledge of The West Valley Demonstration Project Site is limited to what you presented in your letter of June 22, 2004 and your more recent letter of December 29, 2004. We certainly can understand your concern for the environment affected by this Facility.

We agree in principle with your position that the cleanup must result in the ability to use the property for any purpose in the future. Therefore, the "unrestricted release" level of clean up would be our choice as well.

Because we are a Board of Education elected to set policy for a school district, we do not feel we can pass a resolution setting policy for another government entity. However, as individuals, we agree with your plan to have the area cleaned so that it can be used for any purpose in the future. As custodians of the earth, we should never leave pollutants for another generation to deal with.

Please share our concerns with your committee and others who need to know that area residents want a clean environment, which will be safe for any purpose.

Very truly yours,

Carol S. Hay

RE: West Valley Resolution

Dear Honorable Board Members:

I recommend the Board approve the attached resolution supporting the West Valley Citizen Task Force and their recommendations for the clean up of the West Valley Demonstration Project site. Since the West Valley site runs into a tributary of Cattaraugus Creek, which empties into Lake Erie, there is potential for a catastrophe for everyone in the Great Lakes area.

It is their hope that many voices will convince Congress that an unrestricted release cleanup is the only option for the West Valley site.

Respectfully submitted,

RE: End State Vision Resolution for West Valley Demonstration Project

Dear Mr. Pfeffer:

On behalf of the Village of Gowanda, I would like to thank you, the West Valley Task Force and its members for your efforts.

The Village of Gowanda has long taken the position that the clean-up of the West Valley Site is not only an environmental issue, but a matter of national security.

Your efforts to see the proper clean-up of this site are essential to the health and well-being of the Citizens of Western New York.

The Village of Gowanda is particularly supportive of the Task Force and the Town of Ashford's efforts to facilitate the productive re-use of the uncontaminated portions of the site.

The successful re-use of the site will provide benefits to all the Villages and Towns of Cattaraugus County.

If the Village of Gowanda can be of further assistance, please feel free to contact us.

SUPPORTING IN ITS ENTIRETY THE WEST VALLEY CITIZEN TASK FORCE END STATE VISION RESOLUTION 1-2004 FOR THE WEST VALLEY DEMONSTRATION PROJECT

Whereas, The Village Board of Trustees of the Village of Westfield reviewed the recommendations developed and prepared by the West Valley Citizen Task Force (CTF) to the New York State Energy Research and Development Authority (NYSERDA), and the US Department of Energy (DOE) regarding the 1996 West Valley Demonstration Project Draft Environmental Impact Statement and;

Whereas, Sections III and IV of the 1998 Final Report- CTF Policies & Priorities and Guidelines, provides the most feasible and preferred alternative to properly control, monitor, and temporarily store and finally clean the radioactive waste associated with this site to promote the health and welfare of all WNY citizens and residents and;

Whereas, Based on the recommendations of the Citizens Task Force, the site is unsuitable for permanent disposal of radioactive waste due to the geographical and climatic conditions outlined by the CTF and listed in the 1998 Final Report, CTF Policies & Priorities, Section three (3), and;

Whereas, the concerns outlined by the CTF regarding the permanent disposal of the waste at West Valley has a potential catastrophic impact on the Great Lakes Water Basin, of which Lake Erie is a part, and of which Westfield relies on for fishing, recreation, tourism and in some instances water for non-drinking household related purposes and;

Whereas, Several other WNY municipalities rely on Lake Erie for the same or similar needs and for drinking water and;

Now Therefore Be It Resolved; That the Village of Westfield supports West Valley CTF's end state vision for the West Valley Demonstration Project as one of unrestricted release, and;

Be It Further Resolved; that the Village of Westfield supports the West Valley CTF's preference that all waste be safely stored above ground until such time as it can be permanently disposed, and;

Dear Mr. Pfeffer:

At the Salamanca City Central School District Board of Education's regular meeting held on July 13, 2004, the attached resolution was unanimously approved.

Too few citizens recognize the irreparable harm that can be done to our precious environment when we leave these hazardous waste matters to officials who do not live in the area and who sometimes do not see the entire picture or experience the future effects of such decisions. The balance of nature is a precarious thing that we should not take for granted or assume that someone else has evaluated and studied the situation to the best possible solution. Who knows what harmful effects our future generations will be faced with as a result of our unwitting inaction?

We, as citizens of the Southern Tier, should all strive to preserve and enhance the purity and cleanliness of our watersheds and lands. It is all our responsibility to promote understanding of local conservation issues.

Thank you for your willingness to lead this extremely important initiative on our behalf.

Sincerely,

TOWN OF AURORA)

I, Martha L. Libroek, Town Clerk of the Town of Aurora, Erie County, New York, do hereby certify that at a regular meeting of the Town Board of aforesaid town, on the 12th day of July, 2004, at the Town Hall, 5 South Grove Street, East Aurora, New York, the following resolution was unanimously adopted, every member present voting therefore, to wit:

Excerpt of Minutes, Town Board Meeting July 12, 2004

Action #247

Councilman Suttell moved to support the following resolution that was adopted April 21, 2004 by the West Valley Citizen Task Force; second by Councilman Krieger:

WHEREAS, the West Valley Citizen Task Force was charged to develop recommendations to the New York State Energy, Research and Development Authority and United States Department of Energy regarding the 1996 West Valley Demonstration Project Draft Environmental Impact Statement and;

WHEREAS, the West Valley Citizen Task Force has held over 100 meetings since January 1997 to develop these recommendations and;

WHEREAS, the West Valley Citizen Task Force issued its report the following year, stating it finds the site unsuitable for permanent disposal of radioactive waste.

NOW THEREFORE BE IT RESOLVED, that the West Valley Citizen Task Force's end state vision for the West Valley Demonstration Project is one of unrestricted release, and;

BE IT FURTHER RESOLVED, that the West Valley Citizen Task Force prefers that all waste be safely stored above ground until such time as it can be permanently disposed, and;

BE IT FURTHER RESOLVED, that the West Valley Citizen Task Force requests all local, state, federal, and Seneca Nation governing bodies support this resolution in its entirety.

Upon a vote being taken: ayes - four noes - none Motion carried.

I do further certify that I have compared the foregoing with the original minutes of the regular meeting of the Town Board of said Town held on the 12th day of July, 2004, and the foregoing is a true and correct transcript of said original minutes and the whole thereof, and that the resolutions duly adopted by the said Town Board are on file in my office.

I do further certify that the following members of the Town Board were present at such meeting, namely:

<u>Norman K. Suttell</u>	, Councilman
<u>William D. Reuter</u>	, Councilman
<u>Jeffrey T. Harris</u>	, Councilman
<u>Dwight D. Krieger</u>	, Councilman

being 4 of the persons constituting said Town Board of the Town of Aurora, Erie County, New York. (Supervisor Yarnall was absent/excused.)

IN WITNESS WHEREOF, I have hereunto set my hand and the seal of the said Town of Aurora, Erie County, New York, this 13th day of August, 2004.

RESOLUTION: TO SUPPORT IN ITS ENTIRETY THE WEST VALLEY CITIZEN TASK FORCE RESOLUTION 1-2004

WHEREAS, The Ellicottville Central School Board of Education is supportive of the findings of the West Valley Demonstration Project Citizen Task Force. The goal is to protect the health, safety, and economics of Western New York. The Ellicottville Central School Board of Education is to accept Resolution 1-2004 as adopted by the West Valley Demonstration Project Citizen Task Force on April 21, 2004.

WHEREAS, The West Valley Demonstration Project Citizen Task Force Resolution is copied as follows:

"Whereas, The West Valley Citizen Task Force was charged to develop recommendations to New York State Energy, Research, and Development Authority and the United States Department of Energy regarding the 1996 West Valley Demonstration Project Draft Environmental Impact Statement and;

Whereas, The West Valley Citizen Task Force has held 100 meetings since January 1997 to develop these recommendations and;

Whereas, The West Valley Citizen Task Force issued its report the following year, stating it finds the site unsuitable for permanent disposal of radioactive waste,

Now Therefore Be It Resolved; That the West Valley Citizen Task Force's end state vision for the West Valley Demonstration Project is one of unrestricted release, and ;

Be It Further Resolved; That the West Valley Citizen Task Force prefers that all waste be safely stored above ground until such time as it can be permanently disposed, and;

Be It Further Resolved; That the West Valley Citizen Task Force requests all local, state, federal, and Seneca Nation governing bodies to support this resolution in its entirety."

Now Therefore, The Ellicottville Central School Board of Education at the regular meeting of July 20, 2004 hereby accepts and supports Resolution 1-2004 as prepared by the West Valley Citizen Task Force.

Re: West Valley Citizen Task Force Resolution
I-2004

Dear Mr. Pfeffer:

The Olean City School District Board of Education discussed your letter dated June 22, 2004, regarding the West Valley Environmental Impact Statement, at their Work Session on July 14, 2004. The Board, as individuals, are in full agreement and supportive of your position. I regret to say, it is the Policy of the Board of Education to not become directly involved in these types of issues and, therefore, will not be passing a resolution of support.

Having said that, the Olean City School District believes this venue provides an excellent educational opportunity for many of our students. We will be forwarding your information to the appropriate sources and I am sure many of our staff and students will want to study the issue in detail.

RESOLUTION TO SUPPORT THE WEST VALLEY CITIZEN TASK FORCE RESOLUTION 1-2004

WHEREAS, the Town Board of the Town of Cambria is supportive of the efforts of the West Valley Demonstration Project Citizen Task Force to develop recommendations to New York State Energy, Research and Development Authority and the United States Department of Energy regarding the 1996 West Valley Demonstration Project Draft Environmental Impact Statement; and

WHEREAS, the West Valley Citizen Task Force has held over 100 meetings since January 1997 to develop these recommendations; and

WHEREAS, the West Valley Citizen Task Force issued its report stating it finds the West Valley site unsuitable for permanent disposal of radioactive waste; and

WHEREAS, the West Valley Citizen Task Force recommends that all waste be safely stored above ground until such time as it can be permanently disposed of; and further resolved through Resolution 1-2004, adopted April 21, 2004, that the end state vision for the West Valley Demonstration Project is one of unrestricted release;

NOW, THEREFORE, BE IT,

RESOLVED, that the Town of Cambria Town Board hereby supports Resolution 1-2004 adopted by the West Valley Citizen Task Force; and be it further

RESOLVED, that copies of this resolution be forwarded to NYS Energy, Research & Development Authority, U.S. Department of Energy, West Valley Citizen Task Force, Assemblywoman Francine Delmonte and Senator George Maziarz.

Dear Mr. Pfeffer:

On behalf of the Cattaraugus-Little Valley Central School Board of Education, I would like to extend our support of the position the West Valley Citizen Task Force has taken regarding the management of the facilities at the West Valley Demonstration Project. As a neighboring school district, we certainly can understand and share your concerns for the environment affected by this facility.

We also support your position that the cleanup must result in the ability to use the property for any purpose in the future. Therefore, the "unrestricted release" level of clean up would be our choice as well.

Because we are a Board of Education, elected to set policy for the school district, we do not feel we can pass a resolution setting policy for another government entity. However, as individuals, we agree with your plan to have the area cleaned so that it can be used for any purpose in the future. As custodians of the earth, we should never leave pollutants for another generation to deal with.

Please share our support with your committee and others who need to know that area residents want a clean and safe environment for years to come. We appreciate and applaud your efforts.

Sincerely,

Louis C. McIntosh, Jr.

Whereas, The Citizen Task Force Resolution is copied as follows,

“ Where as the West Valley Citizen Task Force was charged to develop recommendations to New York State Energy, Research and Development Authority and United States Department of Energy regarding the 1996 West Valley Demonstration Project Draft Environmental Impact Statement and;

Whereas, The West Valley Citizens Task Force has held over 100 meetings since January 1997 to develop these recommendations and;

Whereas, The West Valley Task Force issued its report the following year, stating it finds the site unsuitable for permanent disposal of radioactive waste,

Now be it resolved: That the West Valley Task Force's end state vision for the West Valley Demonstration Project is one of unrestricted release, and;

Be it further resolved; that the West Valley Citizen Task Force prefers that all waste be safely stored above ground until such time as it can be permanently disposed, and;

Be it further resolved; That the West Valley Citizen Task Force request all local, state, federal, and Seneca Nation governing bodies support this resolution in its entirety.

Adopted April 21, 2004”

NOW THEREFORE, The Town Board of Cuba on March 8, 2005 at it's regular meeting by roll call vote does hereby support the action of the West Valley Demonstration Project Citizen Task Force and resolves to support the West Valley Task Force Resolution 1-2004 in its entirety.
